New Colored School.

The patrons of the colored school under the leadership of Prof. J. W. Holley who taught the school last year, are making a desperate effort to secure a new and comfortable school building. The lot directly back of Palmetto cemetery on North Main street was purchased during the past summer and nearly half paid for. Lumber has recently been hauled to the lot and it is the purpose of those interested in the building of the new school to get together soon and raise the frame work. The preent colored school building is in a delapidated condition, and the efforts of the patrons to secure a comfortaole building is most praiseworthy. The committee in charge of the building will have to secure more money, not more than half enough having

Major Burton Goes to Cortez.

Major J. L. Burton left here on Friday of last week for Cortez, a coast town in Manitee county, where he has purchased a stock of merchandise, and will engage in running a general store. Cortez is a small hamlet composed mostly of fisherman, and the store is the only one in the place and already enjoys a payshe left for Jacksonville to resume ing patronage. As soon as the major gets settled, Mrs. Burton expects to companied by her mother, Mrs. R. join him, and Crescent City will have A. Major Burton came to Crescent City in 1868 and has resided here ever since. For many years he was a leading man in the county, being half owner of the famous Burton & Thy neck: Harrison orange grove just south of the town sline, and which ran back from lake Crescent. This grove was one of the most profific producers in the state and yielded immense profits for many years. Like other big groves in this section it went out of business on that memorable night of February 7, 1895-the night of the big freeza.

Since that time Major Burton has sold this property and others are making of it a handsome property

Mr. Burton is well known in all parts of the state. Hundreds of winer tourists who have made Crescent City headquarters for many years, will miss him, for his hospitality was proverbial and his good nature infectious. Crescent City will hardly seem like the same place now that the major has gone. All will wish him success in his new field.
